### HOME AND SCHOOL

### PARTNERSHIP AGREEMENT

At Lapal we believe that children are educated most successfully when there is a strong partnership between the child's home and school. This means working towards the same aims with agreed responsibilities and expectations. The development of the 'whole' child remains our main concern, to equip children both socially and academically to meet the demands of our society. Parents and teachers share the responsibility of fostering positive attitudes in our children which should be reflected in all aspects of their school life.

From September 1999 it is a statutory requirement for schools to have Home-School Agreements.

All parents of children attending Lapal are invited to sign and return this partnership document to show their agreement with its principles.

### *Procedure for Complaints:*

Under the Education Reform Act 1988 procedures are set out for any parent wishing to make a complaint against the delivery of the school curriculum, related matters and/or religious worship in school. Any parent who wishes to refer to these procedures should first contact the school where further information will be supplied upon request.
